
BIG BROTHERS BIG SISTERS OF PRINCE GEORGE

Friday August 12th, 2011

FOR IMMEDIATE RELEASE

Big Brothers Big Sisters After School Care looks to build on last year

One year ago Big Brothers Big Sisters of Prince George launched a brand new social enterprise and one year later things are going great. The Big Brothers Big Sisters After School Program completed its first year of the program at 95% capacity and is in the process of completing a very successful summer program where many weeks were full.

“The program has grown tremendously since September” says Tim Bennett, Interim Executive Director. “To us this is more than just operating a licensed child care facility; it is an opportunity for us to offer our programs to even more children in our community. We strive for the same outcomes and hold this program to the same high standards as all of our other programming.”

The Big Brothers Big Sisters After School Care program still have full and part time spaces available for September 2011. Transportation is available from selected schools and government subsidy is accepted. Your monthly registration also includes registration into our weekly skill development activity and for the first quarter of the year will be swimming lessons offered with the support of Canadian Tire Jumpstart.

For more information about the After School Care Program or to register please contact 250.563.7410 or visit www.bbbspq.ca.
